

# Wall Sited Sanitising Dispenser Unit

Auto Sanitiser (Rear Side)

Auto Sanitiser (Customer Side)

## ABOUT

This wall sited auto electronic sanitising unit has a front facing storage cupboard and forms part of the Glide range of mobile dining carts - a choice of cold, hot & ambient commercial catering carts that combine to form a food service counter solution as unique as your requirements!

This wall sited sanitising point has lockable castors & is made in a convenient 2-1Gn size of 825(l) x 700(d) x 900mm(h). It can be positioned in an alcove, against a wall or used at the dining hall entrance as a stand alone sanitising point prior to lunch time sittings.

The model has (3)x auto electronic sanitising dispensers offering a 1500 dose capacity & a front facing storage cupboard under. The dispensers are suitable for high alcohol sanitiser gel  $\approx$ 60%, have touchless operation from a sensor & use 4x rechargeable AA batteries each. (recharging batteries/ battery charger included). The s/steel worktop has a removable drip tray (2-4 Gn x 20mm). The side base panels & sliding doors are finished in leathergrain plastisol steel, colour merlin grey (BS 18B25). The unit has a front facing store cupboard, removable sliding doors & adjustable grid shelves.

## HEIGHT OPTIONS

### Low Height Model (Glide Junior).

850mm or 800mm high options for junior/ primary use.

## FEATURES

Download All Technical Drawings From [www.cedfabsltd.co.uk](http://www.cedfabsltd.co.uk)

### Model Type.

The wall sited Glide sanitiser unit is a hands free sanitising gel dispensing unit with a removable drip tray & a front facing general storage cupboard below. The unit has lockable castors, side fascia panels, a s/steel worktop & sliding doors to cupboard storage area below. The model has (3)x auto electronic sanitising dispensers offering 1500 dose capacity & are suitable for high alcohol sanitiser gel  $\approx$ 60%, have touchless operation from a sensor & use 4x rechargeable AA batteries each. (recharging batteries/ battery charger included).

### Model Dimensions.

The wall sited sanitising unit is 2-1Gn (825mm) long, 700mm deep & 900mm high.

### Model Finishes.

The outer end panels & removable sliding doors are finished in plastisol steel, colour merlin grey (BS 18B25). Worktop is 304 gd steel & all other external steel surfaces are in 430gd. The ambient front facing store cupboard has adjustable height removable grid shelves, for easy cleaning.

### Low Maintenance

Easy, cleanable surfaces and a durable design ensure low maintenance for users. Refilling the dispensers with gel is as simple as flipping the hinged lids to pour in the sanitiser.

### Finishes & Options

The wall sited sanitiser unit can be customised with many accessories, such as tray slides, tray rails, coloured sliding cupboard doors/ end panel finishes and also as a low height version for junior/ primary age use.

The flexible design of the sanitiser unit means it can be positioned in a wall sited counter run, individually in an alcove or as a free standing unit at the dining hall entrance.

## ACCESSORIES & FINISHES

### Folding Steel Solid or Tubular Tray Slides.

Tray slides + 40mm (d) height = (h) - 55mm.

### Colour Finishes To Front Doors/ Side Panels.

11 alternative choices of durable steel, colour & wood effect finishes for sanitiser unit front sliding doors/ side panels, to complement other models in the servery colour scheme.
