MAINTENANCE-CLEANING

- The shelving should be cleaned daily, using normal cleaning products which comply with hygiene rules. Abrasive products are not to be used. Do not use chlorinated products (bleach for example) and rinse well after cleaning. It is recommended that gloves are worn while cleaning.

WALL SHELF Removable stainless-steel shelf

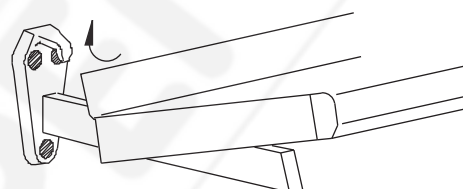

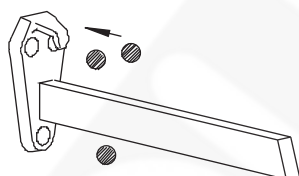

1/ Attach the consoles level at the desired height (See drilling table below)

IMPORTANT : Use the right type of plugs for the wall.
These plugs carry the full weight of the shelf.
6-mm lag bolt with washer recommended.

2/ Cover the attachment holes with plastic caps.

3/ Hook the shelf in place.

Lenght of shelf	Number of consoles	
600 à 1600	2	
1600 à 2000	2	
2000 à 2500	3
